

# JAMES CALBY

IOS DEVELOPER

## PROFILE

My technical skills include iOS & Web development, as well as developing user-friendly solutions on time that would enable me to step into a software engineering role. Excellent communication and creative skills, I am a passionate and imaginative iOS developer who is constantly striving to learn new technologies. I look forward to contributing to the success of your next app project.

## EXPERIENCE

### Freelance iOS Developer

*Freelancing / 2018 - 2019*

- Responsible for building a high-quality social networking mobile application that will cater US Military Veterans. Currently working in both Swift and Objective-C including the development of the UI and content management systems.

### Mobile / Web Peer Tutor

*Full Sail University / 2016 - 2018*

- My responsibilities as a peer tutor were to help, advise, and teach other students struggling in both the Mobile and Web development programs. In the nearly 18 months that I worked as a peer tutor, I was able to help over 60 students to better understand course material that included C#, Swift, Java, SQL and Mobile design.

### Javascript Developer / Visual Designer

*B-Scada / 2014 - 2016*

- As the Designer / Programmer I have the responsibility of designed and implemented automated testing tools and programs addressing areas including database impacts, software scenarios, regression testing, negative testing, error/bug retests and usability along with creating user experiences utilizing principals of SCADA design to deliver intuitive design solutions that help company's achieve their goals.

## EDUCATION

### Bachelor in Mobile Development

Full Sail University / GPA 3.7 / FL / 2016 - 2018

### Bachelor in Animation and Visual Effect

Academy of Art University / GPA 3.5 / CA / 2008 - 2013
